Throughout the school year the youth of our communities gather at the center after school and on evenings and weekends using our facility at no cost to them. However, no cost, is not the case with our summer camps. Each summer the PCC offers two camps. Our Kids Kamp, ages 5-9, and our Summer Playground for ages 10-15.

Both camps provide daily activities as well as a wide variety of field trips, both locally and throughout the region. Many of these field trips are first time experiences for some campers; infrequent events for others. Typically around 125-140 campers participate yearly, between the two camps. This number does not reflect the full capacity of what we can accommodate. The reason being is that some kids within our communities can, simply, not afford to attend. This is where You Can Help! The cost for one child to attend our seven week Kids Kamp is \$550.00 and for our six week Summer Playground with all field trips is \$502.00. With your help and support, that child, who may not otherwise be able to, can enjoy a summer of fun along with other children within our community and have the chance to experience the things, that every child should!
